

Oussama Yinssi

Data Science Master's Student | Big Data & AI Engineer

oussamayinssi@gmail.com | linkedin.com/in/oussama-yinssi-328396228 | github.com/O2S-Y

Summary

Master's student in Data Science and Intelligent Systems with hands-on experience in machine learning, big data engineering, and AI-driven systems. Skilled in Python, SQL, Spark, Kafka, and modern ML frameworks. Passionate about building scalable data pipelines and predictive models that deliver real business impact.

Education

Master's in Data Science and Intelligent Systems

University Program (example) | 2023 — Present

Bachelor's in Computer Science / Engineering

University Program (example) | 2019 — 2023

Experience

Data Science Intern

Example Company / Research Lab | Summer 2024

Built predictive models and dashboards from real-world datasets. Collaborated with engineers to deploy a model into a production-like environment.

Machine Learning Research Assistant

University Lab | 2023 — 2024

Assisted on a research project involving NLP and data mining. Preprocessed datasets, ran experiments, and documented results.

Skills

Languages & Databases	Python, R, SQL, PostgreSQL, MongoDB, NoSQL
ML & AI	scikit-learn, TensorFlow, PyTorch, XGBoost, Hugging Face
Big Data	Apache Spark, Apache Kafka, Hadoop, Airflow, Docker
Visualization	Tableau, Power BI, Matplotlib, Seaborn, Plotly
MLOps & Cloud	MLflow, Docker, GitHub Actions, AWS Basics, Linux

Projects

Predictive Maintenance for Industrial Equipment

Built an ML pipeline to predict equipment failures using sensor time-series data. Achieved 87% recall on failure detection.

Real-Time Big Data Pipeline for E-commerce

Implemented Kafka + Spark Streaming pipeline processing 10K+ events/sec with sub-minute analytics latency.

NLP Sentiment Analysis for Social Media

Fine-tuned a transformer model for multilingual sentiment classification, reaching 82% F1-score.

Awards & Certificates

- Machine Learning Specialization — Coursera / Stanford Online (2024)
- Data Science Professional Certificate — IBM / Coursera (2023)
- Kaggle Competition — Top 10% (2024)
- University Merit Scholarship (2022)
